

Benefits

Maximize Performance

VYVwater contains the electrolytes your body loses during exercise so your muscles can perform optimally throughout your workout.

Train Harder, Longer

VYVwater combats lactic acid build-up during exercise allowing you to train to your potential.

Rapid Hydration

VYVwater gets absorbed much faster than bottled or tap water due to the presence of hydroxyl ions created as the water passes through the filter.

Boost your Recovery

Scientific studies show that the molecular hydrogen produced by VYVwater reduces recovery times.

All Natural

Zero sugar. Zero calories. Zero additives.

Save

A single VYVwater filter replaces 400 plastic bottles keeping our planet green.
